

Connectors and Adaptors

A fitting way ...

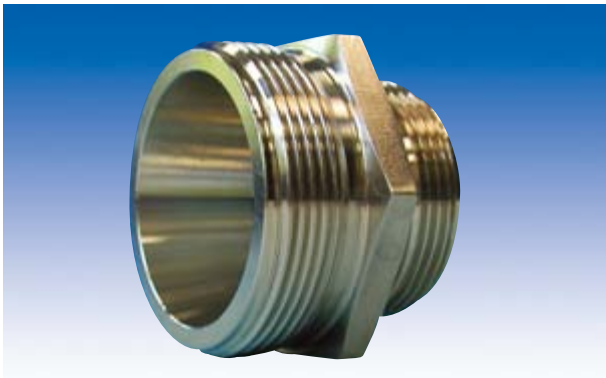

Small in relation to the length of the hoses they connect safely but playing a large part in their contribution to safety and convenience, RS nipples and sleeves provide seamless connections and belong in every hose workshop.

Double-ended nipples

With the same external thread on both ends, in stainless steel, brass or aluminium.

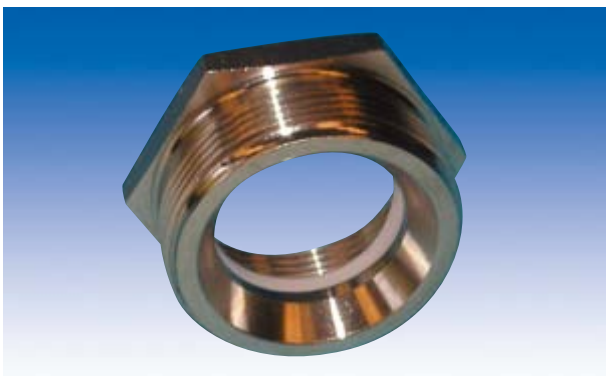

G 1/2A to G 4A and 51/2" DIN 11*

Reducing nipples

With a different thread at each end, in stainless steel, brass or aluminium.

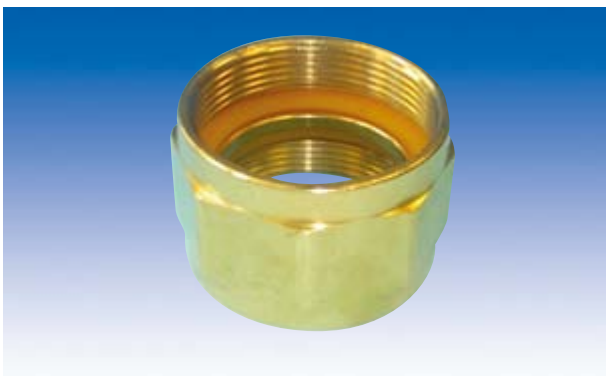

G 1/2A x G 3/4A to G 4A x 51/2" DIN 11*

Reducers

One end with an internal thread, the other external, in stainless steel, brass or aluminium.

G 1/2A x G 1/2A to 51/2" DIN 11 x G 4A*

Sockets

With the same internal thread at each end, in brass.

G 1 to G 4*

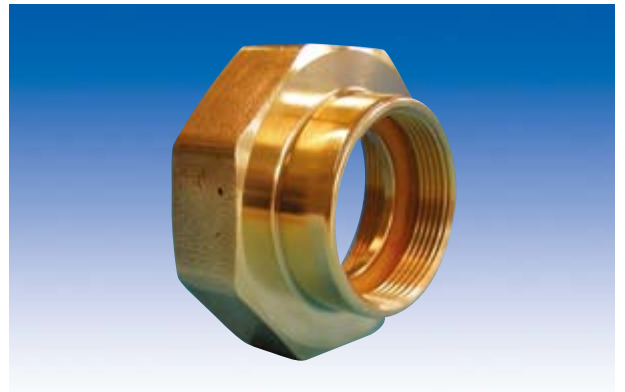

* other thread sizes available on request

... to make good connections

Reducing sockets

With a different thread at each end, in brass.

G 1 x G 1 1/2 to G 3 x G 4*

Threaded caps

Internal threads, in stainless steel, brass or aluminium.

G 1/2 to 5 1/2" DIN 11*

Threaded plugs

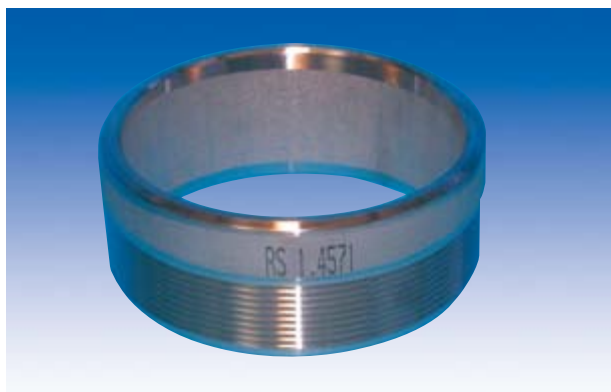

External threads, in brass or aluminium.

G 1A to 5 1/2" DIN 11*

* other thread sizes available on request

Sockets, Nipples & Cie.

Welded nipples
